

UNITED STATES BANKRUPTCY COURT
DISTRICT OF MINNESOTA

RECEIVED

2004 JAN -9 PM 1:42

IN RE:

Bankruptcy No. 03-46098-NCD
Chapter 7 Case

Deborah Anne Weber

Debtor.

**RESPONSE TO THE UNITED STATES TRUSTEE'S MOTION TO DISMISS
BANKRUPTCY PROCEEDINGS UNDER 11 U.S.C. § 707**

TO: United States Trustee; Trustee's Attorney; and All Other Parties in Interest.

1. Deborah A. Weber moves the Court to deny the relief requested by the trustee.
2. Ms. Weber apologizes to the United States Trustee and to this Court for not providing the requested records before this date. Ms. Weber has never intended to be non-cooperative. Ms. Weber will provide the requested records on or before the date of the January 14, 2004 hearing.
3. The requested documents will substantiate Ms. Weber's claimed income and expenses. Ms. Weber does not have any ability to fund a Chapter 13 plan. The following paragraphs explain Ms. Weber's employment situation as a small business owner. Additionally, Ms. Weber's actual income for 2004 will be considerably lower than earlier projections forecasted. Consequently Ms. Weber will not have sufficient income to fund any hypothetical Chapter 13 Plan.
4. Deborah Weber owns a sole proprietorship law practice. Ms. Weber is not a salaried employee of a large or small business and consequently her income is not guaranteed at

all. Ms. Weber's income is the profit from her law practice. Ms. Weber's Chapter 7 petition was extremely clear in stating that Ms. Weber is a small business owner and not a salaried employee. The United States Trustee's assertion that Ms. Weber will be receiving a \$100,000 salary in 2004 is therefore wholly inaccurate.

5. In addition to mistakenly classifying Ms. Weber's previously projected 2004 income as "salary" the United States Trustee mistakenly neglects to factor federal and state income tax and social security tax expenses into Ms. Weber's previously projected monthly income. Ms. Weber's previously projected monthly income shrinks dramatically once those tax expenses are properly factored in. It is highly misleading of the United States Trustee to assert to this court that Ms. Weber's gross before tax income is fully available to her to fund a potential Chapter 13 plan.

6. Unfortunately, Ms. Weber's August 2003 profit projection for 2004 will not be realized. That profit projection was based upon Ms. Weber being able to reduce her business advertising expenses by approximately \$40,000. The following paragraphs provide some necessary background information about Ms. Weber's business and provide an explanation of Ms. Weber's earlier profit projection for 2004 and why that projection will not be realized.

7. Ms. Weber's law practice consists of handling Fiance(e) Visa cases for clients located throughout the United States. Ms. Weber advertises her practice through her website located at www.americanfiancevisa.com. The Fiance(e) Visa business is extremely competitive and Ms. Weber must advertise her website aggressively to attract clients. Ms. Weber advertises her site through paid inclusion listings also known as "sponsor match" listings on the major search engines (Yahoo, MSN, Lycos, etc.). For 2003 Ms. Weber spent approximately \$34,381 to advertise her site. (Please see Exhibit 1, account reports from Ms. Weber's advertising

accounts.)

8. On August 4, 2003 Ms Weber entered into an agreement with a web positioning company to rewrite the code of her site such that Ms. Weber's site would appear in the top three search listings (content matches) for Ms. Weber's keywords whenever anyone searched those keywords on the major search engines. (Please see Exhibit 2, the web positioning contract). The purpose of this contract was to enable Ms. Weber to stop incurring advertising costs for paid inclusion sponsor matches on the major search engines. Ms. Weber anticipated that her web positioning contract would produce results that would enable her to stop paying for sponsor matches by November, 2003.

9. The web positioning contract would only be successful if it resulted in Ms. Weber's site appearing in the top 3 content matches. Although early results of the web positioning appeared promising by August 27, 2003 (the date of the bankruptcy filing), those results never significantly improved and have never reached a level that would enable Ms. Weber to cease paying for sponsor match advertising. (Please see Exhibit 3, a printout of the progress of the web positioning results from August 2003 - December 2003). Indeed, Ms. Weber's site does not appear in the top 45 content listings for the major keywords on the major search engines. Consequently, Ms. Weber has been forced to continue paying for sponsor match advertising. As of this date there is no likelihood that Ms. Weber will be able to reduce her paid inclusion sponsor match advertising expenses

10. At this time, Ms. Weber projects that her advertising costs for 2004 will be approximately \$45,000. Had the web positioning contract been successful Ms. Weber would have been able to reduce her advertising expenses by at least \$40,000. At this time Ms. Weber does not anticipate being able to at all reduce her 2004 advertising expenses through web

positioning or site optimization.

11. Therefore, instead of projecting an income of \$105,000 for 2004 Ms. Weber is currently projecting an income of \$65,000 for 2004.

12. On a before tax income of \$65,000 Ms. Weber will have no monies available to fund a potential chapter 13 plan.

WHEREFORE, Debtor Deborah A. Weber requests that the Court dismiss the Trustee's motion to dismiss.

Dated: January 9, 2004

Respectfully submitted,

By:

Exhibit 2

Web Positioning Agreement for Soronow & Weber

Work Method

The Client (Soronow & Weber) has requested that Web Positioning@The Text Store create and post keyword phrase pages for the purpose of Web Positioning the site known by the URLs:
www.americanfiancevisa.com.

2. At the start of the project a list of proposed keyword phrases for positioning will be agreed on by The Client and The Text Store. This list may change from time to time by mutual agreement during the course of the project.

3. The following search engines have been requested by the Client for the purposes of this project:

- a. AllTheWeb (Fast) / Lycos
- b. AltaVista
- c. AOL Web Sites
- d. Google
- e. HotBot
- f. Inktomi
- g. MSN
- h. Netscape
- i. Open Directory
- j. Yahoo Web Pages

Other engines may be added based on mutual agreement between The Client and The Text Store. Inclusion of certain additional engines may require payment in addition to that mentioned below.

4. Before creating keyword phrase pages, The Text Store will run a baseline Web Positioning search for the selected keyword phrases. The results will be sent to the Client.

5. Keyword phrase pages will be created and posted by The Text Store's staff to a test site. The Client has the right to review and approve the keyword phrase pages before they are posted to a publicly accessible section of its Web site.

6. Once the pages are on the Client's Web site, The Text Store will submit the pages to the search engines mentioned above. Initial submission fees to these search engines will be paid for by The Text Store (when deemed necessary). Payment for later renewal of these submissions will be paid directly by the client, or paid by The Text Store and billed to the client.

7. After submission, The Text Store will check the Web Positioning of the Client's Web site once at least once a month by searching for the requested keyword phrases. The results will be reported to the Client once each month.

8. The client may request further keyword phrases and/or search engines after consultation with The Text Store.

9. Once this proposal is agreed to, The Text Store will be in charge of all submissions of material to the search engines. The client agrees not to submit any material to the search engines, for as long as this

agreement is in force.

10. The client and The Text Store agree to place reciprocal links to each other's URLs (XXX and webpositioning.co.il) on their respective Web sites, for the purpose of improving web positioning results. The Text Store will instruct the client how to accomplish this in a way that is effective and also acceptable to the client, in terms of the appearance of the client Web site.

11. The client will not change or erase any tags, descriptions, links, text, etc., made to the site by The Text Store for positioning purposes for a period of at least 3 months. The Client understands that such changes may reduce the ability of The Text Store to achieve the Web Positioning results requested by the client. The client will endeavor to inform The Text Store of such changes before they are made, if possible.

Results

Payment

1. At the start of the project, The Client will pay The Text Store \$1000 US as a pre-payment for Web Positioning. Once this payment is made, the project will begin.
2. For the first four months that The Text Store checks the Client's Web Positioning, there will be no additional payment beyond the original \$1000.
3. Starting in the fifth month, The Text Store will bill the Client each month \$150 for Web Positioning results and services, for eight months. This agreement is in effect for a minimum period of one year, unless cancelled according to provisions 6 and 7 below.
4. For each page ordered by the Client, The Text Store will run routine Web Positioning maintenance, "tweaking", and re-submission, as deemed necessary by The Text Store, for as long as this agreement is in force.
5. Guarantee: The site will receive several top results on at least 5 major search engines within the first 6 months. If we don't achieve our goal, no further charges will be incurred until at least this level of success is achieved.
6. The Client may cancel this agreement at any time after 6 months, or once a total of \$1500 US payments have been made, whichever comes first. After cancellation, and once full payment (i.e., \$1500) has been made to The Text Store for services rendered before the cancellation, any Web positioning results achieved belong to the client, and no further payment for them is due to The Text Store. The Text Store agrees that no information submitted by the Text Store will be altered or deleted in any way, shape or form, but will remain as it had been on the date of cancellation. The Text Store will not remove, change, alter, edit, or amend any information previously submitted; and any inquiries by search engines concerning the client will be immediately forwarded to the client.
7. The Text Store may cancel this agreement at any time after 2 months. In that case, there will be no further charges for Web Positioning results and the Termination Provisions above and in the Agreement shall be in force.
8. All pages designed by The Text Store and fully paid for by the Client will become the exclusive property of the Client (see paragraph 6, above).
9. The Text Store will bill The Client on terms of Net + 30. (not including initial set-up fee, which is payable immediately.) Above prices do not include Israeli VAT, when applicable.

Steven-

We received a fax of the signed contract. Just to be clear: are we going ahead on the basis of the one site only?

To get started, I need:

1. ftp access to your web site: ftp address, username, password. I need this in order to download pages, copy them, and make the changes necessary for web positioning.
2. Any changes I make that are "visible" on the page will be run by you for approval before being posted.
3. keyword phrases: attached is a document with a list of keyword phrases and the frequency of searches on them. This is taken from a sample of over 384 million actual searches at various engines in the recent past. The list is made of what I think are relevant keyword phrases, ranked from most searched to least (which in some cases is none). Please make a list of the 10-20 you think are most important, ranked from most important to least important. Note that the words in places 15-35 or so may be just as important in bringing traffic as those at the top of the list. Why? Many of them have fewer competitive pages in the search engine indices and are therefore more likely to place at the top and bring clickthroughs. Several highly placed "medium traffic" keywords will often bring more clickthroughs to your site than one or two not quite so well placed "high traffic" phrases.

In short, pick the 10-20 that seem most useful for your business, but don't automatically rule out those in places 20 or 30. Research on search engine use shows that over 50% of surfers search for phrases of 3 words or more, and over 75% search for phrases of 2 words or more. In general the more specific a search is, the more likely the searcher is to actually be a client really looking to buy your services.

4. As soon as I receive the info requested, I can start work.

Subject: update + questions

Steven-

1. I started working on the site. Please go to <http://americanfiancevisa.com/index-dh.html> and take a look. This is a test page that is a copy of your home page with one visible change: There is a small footer containing keyword text and links at the bottom of the text area.
2. Don't worry, this won't be seen by either surfers of the SE's. My question is this: do you have any objection to me adding something like this to the pages of the site? (The actual content etc, is not important at the moment, I am more interested to know if you have any objection to it visually.)
3. The term K3 visa does not seem to be on the site. If we really want to position for it, we will probably need to add a page on the subject.
4. On a page like <http://americanfiancevisa.com/fianceprocess.html> : if I want to position the phrase in our list "fiancee visa requirements" I would probably have to insert the words "fiancee" and "requirements" once or twice to the text. Would you have any problems with me doing this? Obviously I would let you approve a test page first.

Thanks for your time,

Danny

Steven-

I added one more visible change to the page: "K1" to the heading near the top of the text.
